No.13 March 2011

## **Welcome to our First Newsletter for 2011!**

*I hope you all had amazing December holidays (albeit it feels the festive season was a very long time ago!) and that the start of 2011 has been fantastic! As you will see in the pages of our Newsletter, the UDEC team has been busy!*

## **Gorator for tar processing**

The GORATOR has already proved itself for more than 20 years as a wet processing machine for many new tasks of processing the most varied media.

The GORATOR grinds, disintegrates, comminutes, homogenizes, aerates, mixes, shreds, washes and transports – in short, it conditions your product in many physical and mechanical ways and is able to process materials of different consistencies:

Solid – liquid  
Liquid – liquid  
Gaseous – liquid

One of SA's major companies has opted to lease a test machine, system GORATOR, type F 25-0.3/15 from Hoelscher Technic, complete with rotor/stator system, special material, consisting of four closed ring segments, double acting mechanical seal with thermo-siphon-system, base plate and electrical motor 30kW, 1450 min-1, 50 Hz, type of construction B3, IP55 and electrical cabinet.

The machine is in explosion proof design acc. to ATEX II 2G EEx de II CT4.

## RANDWATER delegation visit our offices

A review delegation from Randwater recently visited our offices on a site audit. The aim of the visit was to inspect our premises and ensure we conform to all their internal requirements.

We thank you for visiting us and hope you enjoyed meeting our team as much as we enjoyed welcoming you to our offices!

## CECA Visits South Africa

Xavier Neau, the Technical Development Manager from CECA, visited South Africa in March. Barbara and Xavier visited numerous companies around the country to introduce or assist with technical aspects of the use of Diatomaceous Earth within their plants.

Thank you all for your amazing welcome!
