

SOCIAL RESPONSIBILITY

2 F I S H C R È C H É

We tend to take many simple pleasures for granted.

When UDEC realized Two Fish Crèche was in need of a conservancy tank, we didn't think twice in assisting. When searching for alternative, green options, we came across The Bubbler Water Efficiency System.

With funding from Udec Trading, our sister company Udec Process and as well as the Bubbler guys, the Water Efficiency System was installed.

Seeing the joy on the tots faces when they washed their hands in the basin, you realise that in this day and age, basic sanitation is still considered a luxury.

TRAVELS

In September Barbara had the pleasure of attending the BASF Distributor conference in Berlin.

She received training and was introduced to new products. BASF's hospitality and planning of the week was impeccable and it was awesome to meet our friends and other distributors from across the globe.

STAFF FUN

The annual masked ball held by socialite Savannah Moore has always been the highlight of the social calendar in New York. This year, the party took an unplanned turn when a body was discovered on the kitchen floor. Clearly there was a murderer amongst us! Can you guess who it was?

Hint Hunt is a group escape game and we had no idea of what we were actually in for. We split into 2 groups and were led into a small, unfamiliar room. The lock on the space's only door was turned behind us and the clock started ticking, we had 60 minutes to collectively crack tough codes, decipher difficult puzzles, uncover hidden objects and unearth a series of clues in order to solve the conundrum at hand and secure our freedom. Due to the secrecy of the game, this is all we can divulge

IN BRIEF

We would like to take this opportunity to wish you a wonderful holiday season and all the very best for the New year!
